

Addendum D: Proposed ICD-10-CM Code Additions

Last updated: April 17, 2010

This Addendum contains the proposed list of ICD-10-CM codes for inclusion into the official ICD-10-CM Code Set. These codes have been recommended for inclusion due to the departments need to properly update its systems as required by the Final Rule contained in CMS-0013-F (RIN 0958-AN25).

Changes and Updates since last draft:

- 1) Upon further review of the incidents at Roswell, as well as the more recent incidents at [REDACTED] and at [REDACTED], the X51.5 section and related codes have been re-sequenced.
- 2) There has been a massive increase in [REDACTED] over the past year. Because of this, it is recommended that a new section be added under X51.5 to address [REDACTED]. [REDACTED] has been tasked to work up a draft for possible inclusion into the ICD-10-CM code set.
- 3) [REDACTED] has requested that we further specify codes in section X51.42 to account for the change in the way that [REDACTED]
[REDACTED]
[REDACTED]

Please Note: This draft is not to be used for actual reporting until after final approval by [REDACTED] and [REDACTED]. Please continue to use the approved ICD-9-XX codes and interdepartmental modifiers until further notice.

X51 - Injury during Close Encounter

X51.1 - Sighting of UFO (Hynek's Scale, First Encounter Type)

X51.10 - Injury, unspecified

X51.10xA - Injury due to Sighting of UFO (Hynek's Scale, First Encounter Type), unspecified, initial encounter

X51.10xD - Injury due to Sighting of UFO (Hynek's Scale, First Encounter Type), unspecified, subsequent encounter

X51.10xS - Injury due to Sighting of UFO (Hynek's Scale, First Encounter Type), unspecified, sequela

X51.11 - Injury, resulting from fall

X51.11xA - Injury resulting from fall due to Sighting of UFO (Hynek's Scale, First Encounter Type), initial encounter

X51.11xD - Injury resulting from fall due to Sighting of UFO (Hynek's Scale, First Encounter Type), subsequent encounter

X51.11xS - Injury resulting from fall due to Sighting of UFO (Hynek's Scale, First Encounter Type), sequela

X51.12 - Injury, resulting from collision

X51.12xA - Injury resulting from collision due to Sighting of UFO (Hynek's Scale, First Encounter Type), initial encounter

X51.12xD - Injury resulting from collision due to Sighting of UFO (Hynek's Scale, First Encounter Type), subsequent encounter

X51.12xS - Injury resulting from collision due to Sighting of UFO (Hynek's Scale, First Encounter Type), sequela

X51.19 - Injury, other

X51.19xA - Other injury due to Sighting of UFO (Hynek's Scale, First Encounter Type), initial encounter

X51.19xD - Other injury due to Sighting of UFO (Hynek's Scale, First Encounter Type), subsequent encounter

X51.19xS - Other injury due to Sighting of UFO (Hynek's Scale, First Encounter Type), sequela

X51.2 - Physical Effects associated with UFO observation (Hynek's Scale, Second Encounter Type)

X51.20 - Unspecified Effect

X51.20xA - Injury resulting from unspecified effect due to Physical Effects associated with UFO observation (Hynek's Scale, Second Encounter Type), unspecified, initial encounter

X51.20xD - Injury resulting from unspecified effect due to Physical Effects associated with UFO observation (Hynek's Scale, Second Encounter Type), unspecified, subsequent encounter

X51.20xS - Injury resulting from unspecified effect due to Physical Effects associated with UFO observation (Hynek's Scale, Second Encounter Type), unspecified, sequela

X51.21 - Heat or Radiation

X51.21xA - Injury resulting from heat or radiation due to Physical Effects associated with UFO observation (Hynek's Scale, Second Encounter Type), initial encounter

X51.21xD - Injury resulting from heat or radiation due to Physical Effects associated with UFO observation (Hynek's Scale, Second Encounter Type), subsequent encounter

X51.21xS - Injury resulting from heat or radiation due to Physical Effects associated with UFO observation (Hynek's Scale, Second Encounter Type), sequela

X51.22 - Paralysis

X51.22xA - Injury resulting from paralysis due to Physical Effects associated with UFO observation (Hynek's Scale, Second Encounter Type), initial encounter

X51.22xD - Injury resulting from paralysis due to Physical Effects associated with UFO observation (Hynek's Scale, Second Encounter Type), subsequent encounter

X51.22xS - Injury resulting from paralysis due to Physical Effects associated with UFO observation (Hynek's Scale, Second Encounter Type), sequela

X51.23 - Lost Time

X51.23xA - Injury resulting from lost time due to Physical Effects associated with UFO observation (Hynek's Scale, Second Encounter Type), initial encounter

Remember that ICD-10-CM is a public code set. Not sure if we should include these.

Happy April Fools Day!
 You won't find these codes in Find-A-Code but
 you WILL find ALL the other ICD-10 codes.
